

Henderson Veterinary Associates, Ltd.
Fecal Testing Directions and Submit Form

Directions for submitting a fecal sample:

1. Print and complete this form.
2. Return completed form along with one fecal ball to our office.
Fecals must be dropped off during business hours (sample should be no more than 6-12 hours old at time of collection and may be refrigerated up to 48 hours). Do not freeze samples.
3. Fecal testing is \$18.00 per sample.
4. We will contact you with the results at the number or email address you provide.
5. Please allow 5 to 7 business days for fecal test results.

To Determine Egg Shedding Status Test All Individual Horses Based on This Protocol:

- 9-10 weeks after Panacur or Strongid
- 10-12 weeks after Ivermectin
- 14-16 weeks after Quest

To Determine Efficacy of a Dewormer:

- Fecal tests should be performed 10 to 14 days post deworming
